ACKNOWLEDGMENTS

Hello beautiful... No, wait! This is the part where we explain our book, not a copied & pasted pick up line..So: This book was written while creating the website WhereToSwipe.com and it is supposed to be a light and fun collection of the best and worst profiles we could find during our endeavour.

Everything you read has been edited in a significant number of ways: we always changed the name, age, or both of the real person, as well as removing or editing any personal information that might help identify them. Profiles have often been shortened significantly and/or corrected for the sake of the English language. When mistakes were left in, there was always a good reason.

You might recognise yourself in some of them, and you might be right. And if your profile idea was good enough, chances are that someone has already copied it off the web or this book.

...So well done, Tinder people, for helping us be creative, witty, creepy and sexy all at once. And now, without further ado, swipe right to a good read and a good laugh!

A GIRL IN TINDERWORLD

So a girl comes to Tinderworld,

Erin, 26

This app has made me regret liking 100 things on Facebook in 2009.

*You are not
the only one*

Sarah, 24

Ooooh look it's a tinder
I'm here, I'm queer, and I'm a feminist
so if you have a problem with any of
these please be so kind as to fu*k the
fu*k off <3 Also sometimes
I drool in my sleep.

Welcome

Emily, 21

I can not afford a vibrator,
so here we are...

The cheaper option

Michelle, 22

I know nobody makes a
Tinder to "just find
friends", but I legit did.
Really.

Good luck

Katie, 23

Came for the swiping,
stayed for the fu*kboys.

The lonely exception

and the boys think she will probably like it and have a positive reaction.

Kelly, 22

Will fu*k for pizza

High standards

Meg, 28

Just on here for new career opportunities. I heard this was "more exciting than LinkedIn".

Word of mouth works

But a lady has her own problems to solve while getting to grips with the app

Laila, 22

So if you super-like someone, does that mean it's a guaranteed fu*k?

The ladies' dilemma

Glenda, 33

Dealing with amateurs. Not here for sex or crazy people. Sorry but not sorry.

Ok, sorry then...

Jilian, 31

I deleted my Tinder in a moment of weakness... That moment has passed. Don't ask me why I'm here if you really don't know what Tinder is for... Just because we matched, it doesn't mean pants off. Be patient, even if you get my digits.

Tinder basics

Yet she soon learns the truth and gets all defensive.

Ash, 23

Swipe left if: -You have kids. -Your life is defined by a sport you don't professionally play. -You really think I'll be impressed by some dead ass animal in your pics. -You're a serial killer. High alcohol tolerance, low standards, zero fu*ks.

ZFG

Kelsey, 28

If you don't like my dog I don't like you.
Meaningless hookups < [what I'm looking for] < marriage.

Dogs first

Victoria, 21

I spend 80% of my time watching make-up tutorials or Dexter, & I change my hair colour often. My cat comes first. Nothing serious, but don't ask me to fu*k.

Nothing personal, buddy

Even showing slight signs of frustration

Molly, 27

Hufflepuff in search of a slytherin. I'm pretty great. If you write me something gross / offensive / sexist I promise you I will post it online. I give zero fu*ks.

*I dare you, fu*kboy*

Bruna, 23

23 and already having a midlife crisis. Too early, you say? You're probably right. I'm not a spambot but I'll gladly take your credit card info. I practice ethical polyamory (non-monogamy). Don't know what that is? Good thing there's Google search and smartphones!

Don't ask me, ask Siri

Kyla, 35

No kids, never married - I am aware I have a rockin' body & a Tinder profile, but I am not looking for hookups, please save us both some time and aggravation and move on if you are.

Saving private no hookup

But then she understands that she can run this game by her own rules,

Dana, 26

Hello, I'm Dana.
I'm bisexual. I'm just looking for casual dating. I don't fu*k on the first date. So if you're looking for that don't message me. If you're a fu*kboy don't message me, I can spot a fu*kboy a mile away, so don't even try.

Fu*kboy buster

Erin, 35

Sarcasm
You are = You're (not your) Please, no gym pics, no half naked pics, and yeah...we all like to travel. If you're 5'10" or taller swipe to the right, because you're right...height does matter :)

Let's be picky because, why not?

and be the trainer all these players seem to need.

Sam, 22

I was birthed from a Grateful Dead concert and a pot brownie, and live for crushing the dreams of fu*kboys. Buy me pizza. Pay my tuition. 401k required.

Hello, I am your nightmare

Victoria, 19

Just a nice, smart girl lookin' for a nice, tall, rich guy. Voted "most likely to be a gold-digger" by my friends. Twice. If you're here just for hookups, like hunting, drive a truck, or support Trump, please swipe left because fu*k you. Honestly, I probably just swiped right for your dog.

Please swipe left because...

(not to mention that some can't resist trolling, and get a kick out of it)

Christine, 27

Here to find bad Tinder profile screenshots.

It won't take long, don't worry

Sarah, 22

It's all fun and games until I fu*k your dad.

Hahahah...No wait, What?!?

But even for them, the struggle is real: Swipe Charming seems to have only one thing on his mind. So here's a short summary of the current situation:

Brittany, 25

Fu*k you? Probably. Fu*k me? Probably not.

General agreement in the female world

Kaylee, 20

Not here to hook up because 99.9% of these fu*kboys can't fu*k me.

Ok, not this one

Paola, 22

I'm a Venezuelan girl and I don't speak fluent English. And I don't wanna fu*k with you.

It's a "nada" from her, too

Lindsey, 24

Do you honestly think I need Tinder to get laid? Please don't waste my time.

Maybe... Not

Kateleen, 20

If something is meant to be, it will be.
Except sex, I don't want sex from you. I love breakfast at any time of the day, I want to travel the world someday and I hate when people can't keep a conversation interesting.

Nope...

Jennifer, 25

Cats, pit bulls, yoga, cardio. Consistently accidentally super liking fu*kboys on this damn app. You're not getting this pussy, so chill. P.S. If you have Kik as a grown ass man, I'm judging you.

Next...

What women really want, in detail:

Hilary, 26

I think I'm looking for someone I won't find on Tinder.

I have a bad feeling

Julie, 21

Psychology major. Nerd.
I'm just looking for someone to have long conversations with. Just go into the friendzone and stay there. If u happen to get past the friendzone I'll rub your abs and u can rub my butt while we watch movies and eat ice cream.

*So hot that
the ice cream will melt*

A WORD OF ADVICE FROM THE BOYS:

Scott, 24

Love to laugh. My passions are shopping and being gorgeous. If you're not 6'5, don't talk to me. I never message first. No facial hair. Not looking for a hookup. Don't know why Tinder thinks I'm 24, really 32. Music is my life. Don't ask me on a date if you're poor. If you can't handle me at my worst, you don't deserve me at my best. Sushi and a caramel frapp. No butt stuff on the first date. Also, my son Ghengis is the most important man in my life.

Kevin, 21

A generalization of what I've learned about girls on here: You either have a lot of "sass" or are very "sarcastic." You are a proud mom to dogs, and would probably swipe right on a guy if they have a dog. You appreciate proper grammar. Height matters to you, rightfully so. You don't like guys holding fish in their pictures. You don't like selfies, especially the shirtless mirror variety. You are on Tinder for everything but a one night stand. Smart choice. So many nurses. So many.

Victor, 30

There seems to be a lot of girls on here who know everything about love and relationships... Yet they're still on Tinder.

Brent, 30

Let's see if I can predict your bio... You're fluent in sarcasm and not looking for a hookup. You like food and beer. Probably looking for a guy with tattoos who can make you laugh.

No (further) comment(s)
